Summary

Full-Stack Software Engineer with extensive experience building scalable web applications and multi-vendor platforms using the **MERN stack, Next.js (App Router), TypeScript, and Prisma ORM**. Skilled in writing production-grade, type-safe code, optimizing database architecture, and implementing comprehensive testing with **Jest and Vitest**. Proven track record of integrating third-party APIs (payments/logistics) and deploying advanced **generative AI workflows** on cloud infrastructure. Adept at leveraging modern AI-enhanced development environments to build robust, high-performance digital products.

Skills

JavaScript • Node.js • NestJS • Next.js • PostgreSQL • MongoDB • Mongoose • Prisma

Work Experience

Fullstack Developer

Oct 2025 – present

[Panthar Info hub](#) • Full-time

Jhansi, India

Technologies: JavaScript • Node.js • Psotgresql • MongoDB • Next.js

Professional Experience Highlights

- **Architected multi-vendor platforms and web apps** using **Next.js (App Router), TypeScript, Prisma ORM, and the MERN stack**, ensuring strict adherence to production deadlines.
- **Designed scalable database schemas and secure backend logic**, integrating JWT authentication and automated third-party APIs (Razorpay, Shiprocket).
- **Integrated cloud-based Generative AI workflows** (Vertex AI, ComfyUI on AWS GPU instances) into user-facing client applications.
- **Maintained 95%+ code reliability** by implementing automated CI/CD pipelines, PostHog analytics, and comprehensive test suites using **Jest and Vitest**.
- **Led end-to-end technical project delivery**, acting as a hybrid PM to manage client requirements, scope agile sprints, and resolve architectural blockers.

Projects

E-Commerce Marketplace System

Apr 2026 – May 2026 • 1 mo

Technologies: Next.js • Prisma • Neon • Vercel • Cloudinary

- Developed a full-stack **multi-vendor e-commerce platform** using **Next.js, TypeScript, Prisma, PostgreSQL, Tailwind CSS, and shadcn/ui**.
- Built role-based dashboards for **Admin, Vendor, Sub-Vendor, and Customer** with product, category, variant, inventory, order, review, and user management.
- Implemented complete shopping workflow including **wishlist, cart, address management, check-out, coupons, Razorpay payments, refunds, and order history**.
- Integrated **Shiprocket logistics** for shipment creation, AWB generation, courier assignment, pickup scheduling, manifest generation, and delivery tracking.
- Created analytics and business modules for **vendor earnings, payouts, sales reports, admin revenue stats, top products, grievances, banners, and platform settings**.

Education

Bachelor's degree: Computer Science

May 2022 – May 2026 • 4 yrs

SR Group of Institutions

Jhansi, India

Grade/GPA: 7
